

ATTORNEY DOCKET NO  
019053.000112

PATENT  
U.S. 10/817,452

**Amendments to the Specification**

Please replace Paragraph [0001] with the following amended paragraph: All amendments are shown with deleted text strikethrough or double bracketed and new text underlined.

[0036] The protrusions 14 and 24 are located on the finger side or "forward side" of each handgrip 10 and 20, respectively, on the side opposite the rider. The protrusions 14 and 24 are tapered and angled upward at an angle 40 beginning at the midline 13 or 23, respectively. The taper and angle of the protrusions 14 and 24 provide comfort and medical benefits to the rider.
